PLACE OF PRODUCTION

Our products are manufactured in separate kitchens to meet production requirements. Thanks to separate production lines, the compliance of our products with standards and meeting customer expectations is more effectively ensured.

RAW MATERIAL

The raw materials used in our products are carefully selected, and they do not contain gluten. The raw materials for Vegan products are also vegan in nature. This feature is part of our commitment to providing our customers with a healthy and specialized dietary option that aligns with their preferences.

EDUCATION

Detailed training has been provided to our production and sales staff to enhance their understanding of our products and sales processes. This training is designed to ensure compliance with quality standards, increase customer satisfaction, and deliver professional service.

SALES

The sales department is distinct from other products and is specially organized with the aim of providing better service to customers and ensuring their satisfaction

It is recommended that individuals with a high sensitivity to gluten avoid consumption.
